

Our Curriculum Vision Statement

At Sharps Copse Primary School, our curriculum is designed to create a love of learning and give every child the knowledge, skills and confidence they need to thrive. At the heart of our curriculum is a strong commitment to developing confident, fluent readers, recognising that reading opens the door to learning, imagination and opportunity. We want our children to feel valued, successful and proud of who they are, developing resilience, self-worth, independence and curiosity about the world around them. Through carefully planned learning experiences, pupils build knowledge progressively, make meaningful connections across subjects and develop strong oracy skills so they can speak clearly, share their ideas confidently and express themselves with pride. We encourage children to think independently, challenge themselves and take ownership of their learning within a nurturing and inclusive environment. Our curriculum celebrates our local community whilst broadening horizons beyond the United Kingdom, helping pupils become kind, confident and responsible citizens who are well prepared for the next stage of their education and for life beyond school.
